**CARLSON IS COMMITTED.**  
His Mental Condition Such That Mania Might Return at Any Time.

Late yesterday afternoon the examination of witnesses in the investigation of the sanity of Axel Carlson came to an end, the findings resulting in the commitment of Carlson to the mental hospital at Provo, as insane, without placing any other charge against him.

In giving his conclusion of insanity to the court, Dr. Odell stated that he and other physicians had made a careful examination of the patient, and that they found his body to be unimpaired, giving rise to his mental condition in the form of degeneracy.

All of the organs of the right side of Carlson's body were much smaller than those of the left, even the ribs leaving the breast bone at a much more acute angle than those of the left side.

The last witness of importance to be examined during the hearing was Hilda Eekland, stepmother of the murdered woman who fell a victim to the terrible hound of Carlson.

The only material point of her evidence, not included in that of other witnesses, being that she had known the dead woman during the past two years, and that her mental capacity was never different from that of a child of three.

Carlson was remanded to the custody of the sheriff, and later taken to the hospital, whence it is very doubtful if he ever returns, as the opinion of medical experts is all to the effect that a recurrence of the mania which caused the death of his victim, might come at any time, and would be likely to.

## FUNERAL OF J. D. WOOD WILL BE HELD FRIDAY

Will be Under Masonic Auspices. Service Being Held in Masonic Temple.

Final arrangements for the funeral of John David Wood, the wealthy stockman and mining magnate, who was run down and killed by an engine in the local Oregon Short Line yards Sunday night, have now been made.

The services will be conducted by Argenta lodge No. 3 F. and A. M., of which Mr. Wood was a member, and will be held at the Masonic temple, corner of First South and Second East streets, Friday afternoon, commencing at 3 o'clock. No inquest is thought necessary, as it is definitely decided that he came to his death through accident.

Mr. Wood was held in the highest esteem by his brother Masons. He had passed through all the different degrees of the order and was a thirty-second degree Mason when he died.

Frank J. Hagenbarth, Mr. Wood's stepson, was recalled from the east, and will arrive in the city tonight, directing the funeral. A daughter, who is also expected home today, from California, where she has been attending school.

The Knights Templar will attend in a body. The interment will be in Mount Olivet.

**AN EXPLANATION.**

**COX TALKS OF POOL.**  
Believes Clean Atmosphere and Games Better Than Hoodlumism.

General Secretary Cox of the Y. M. C. A. has prepared for publication the following statement relative to the playing of pool on association premises:

"Members attending day school under 18 years of age and over 16 may play pool and billiards daily until 4 p. m. and in addition until 9 o'clock on Friday evenings. All other boys are allowed to play only upon the presentation of a game card bearing the endorsement of the assistant social director, who consults with parents in case of any doubt. All members under 18 who work during the day may play at such hours as they can up to 9:30 p. m., and provided they have a game card.

One of the boys who is in court has been a member of the association since 1905, and has for over a year played pool and billiards. He will be 18 years of age in March. The second boy has never been a member of the association, and says that he learned to play two years ago in Twin Falls, Idaho, and has been in the Y. M. C. A. only once. The third boy has not been a member of the association for three or four years in the last few months, says, as a guest of other boys, and on some of these occasions he played pool or billiards.

Two years ago in company with one of the most prominent educators of the city we counted 75 high school boys in public pool and billiard rooms at 5 o'clock in the afternoon. It is provided that as workers for boys we could not fairly censure the use of these games even under the vicious influence which we found them unless we provided the same games under helpful influence; consequently, we have so far as our means and space would permit furnished an opportunity for young men and boys to play pool and billiards. It is not claimed that the supervision is perfect, but the arrangement, as now made, is the best we have provided knowledge and equipment necessary.

What baseball is to the boys of the town in summer, billiards and pool are to them in winter. Those in charge of association games realize that a boy is found who will admit that he does not know how to play these games. We have not had half dozen requests for instruction so far. I hope that the time will come when some organization of the city will provide facilities where boys and young men can play pool and billiards in an atmosphere of honor and culture.

I am firmly convinced that in dealing with these matters our methods should be directed to the normal desires and activities of boys rather than to repression. In this connection I have had means hoodlum games, river bank caves and broken windows. Proper direction means much toward strong, sane character.

**DEATH OF AMANDA DUFFEE.**  
Pioneer of 1847 Passes Away at Wellsville, Cache County.

Mrs. Amanda T. Duffee died at Wellsville, Cache county Monday last. She was an old pioneer of '47. She was born near the town of Fayetteville, Richmond county, North Carolina, Dec. 23, 1827. At the age of between 14 and 15 years she moved to Mississippi, where she joined the Church of Jesus Christ of Latter-day Saints. Shortly after with her father, Henry Thomas, and her brother and sisters, she moved to Nauvoo, Ill., remaining there over two years. They were driven out with the saints in 1846. They went to Winter Quarters, remaining there during the winter. They started for Utah in the spring of 1847 and traveled in Capt. Daniel Spencer's 100 and Esquins's 50 and Perry and Green's 300, arriving in the valleys September, 1847, remaining in Salt Lake two years, where her first child, Jabez, was born. On being called to settle Provo, she went with the first company, where she suffered many privations. She had 11 children, nine surviving, 47 grandchildren and numerous great-grandchildren. The funeral is being held from the Wellsville tabernacle this afternoon.

**A MATTER OF CHOICE.**  
Really, as a matter of choice, we would rather have ten persons deposit \$1 each than one person \$10; or ten persons deposit \$1 each than one person \$10,000. True, the smaller deposits give us more labor in carrying them, but still we prefer them. No one, therefore, should be at all timid about bringing in small deposits. Make our bank your bank.

**NOTICE.**  
The City Treasurer makes the announcement that second notice will not be issued, except by request for Water Taxes due last July, and that unless payment is made immediately thereafter, the water will be turned off, as provided by ordinance, and without further notice. GIDEN SNYDER, City Treasurer.
